

Admissions Decision: Denny Cao

Thank you for your interest in the Schreyer Honors College at Penn State and your effort in completing your application. You are part of one of the most competitive applicant pools in the history of the College and, after a very rigorous selection process, we are inviting you to join our waitlist. We realize that not being selected in the first round of admission offers will be disappointing but hope that you will consider joining the waitlist.

This year, almost 3,700 highly qualified students completed the application process to be selected for 300 spaces as first-year Scholars. In a highly competitive pool, it is inevitable that highly qualified students will not be selected. It is also inevitable that many selected applicants will have other desirable options to consider. After May 1 (National Decision Day), we hope to invite students from the waitlist to join our new class of first-year Scholars.

Please let us know by **Friday, April 7, 2023 at 11:59 PM EST** if you would like to be placed on our waitlist. You can join the waitlist by clicking on the button below and choosing the "Opt-In" option. If you choose to opt in, your offer of admission to Penn State will not expire on May 1, 2023. Your new deadline to accept both your Penn State and Schreyer Honors College offers will be seven (7) days after your waitlist decision is sent. However, if you are planning to attend Penn State regardless of the Schreyer Honors College decision, you can accept your offer of admission earlier.

We will make our waitlist decisions after May 1 but no later than Friday, May 12, 2023. If you are selected from the waitlist, you will receive an email from the College notifying you of your selection. Since we cannot guarantee that you will receive an offer of admission to the Schreyer Honors College, we highly encourage you to carefully consider all your college and university options and make alternative plans.
