Dear Denny:

The Purdue University Admissions Committee has carefully reviewed your application. You were considered for both your first-choice and second-choice programs of study. Unfortunately, we cannot offer you admission to the West Lafayette campus, but we can offer you an admission option in a major at one of our other Purdue University locations – [Purdue Fort Wayne](#), [Purdue Northwest](#), and [Purdue Polytechnic Institute Statewide](#) (excluding the Main Campus - West Lafayette location). This decision was made after we considered many factors in our holistic review of your application – the strength of your curriculum, grades in academic coursework, test scores (if shared), your application essay and space availability in your desired program.

A Purdue degree, no matter the campus, provides a strong message to future employers that you are prepared to face challenges head on, persevere through difficult times, and work tirelessly towards accomplishing your next giant leap. To help you expedite receiving information or to have your application information automatically sent to one or more of these locations, we have added the [Regional Campus Interest form](#) to this application portal under the Reply Forms tab. You can use this form to indicate how we can best help you during these next steps.

Use the contact information below to start researching your options:

Whether you choose to take us up on our offer to enroll in one of Purdue's other locations, [transfer](#) to the Purdue West Lafayette campus later, or accept an offer to another institution, we wish you the best of luck on your college success. Representatives from other Purdue locations may contact you directly with information about admission to their programs.

If you have any questions, you may contact the Office of Admissions. I appreciate your interest in our University and hope you will take advantage of one of the opportunities listed above.

*Please note that we cannot guarantee that the major(s) you applied to for the West Lafayette campus will be available to you at our other campuses, and your admission to another Purdue location is based on the assumption that you will graduate with a high school diploma.*

Sincerely,

Mitchell W. Warren

Assistant Vice Provost & Director of Admissions
