[REDACTED]

Dear Denny,

**Congratulations!** I am delighted to inform you that the Committee on Admissions has admitted you to the Harvard College Class of 2027.

The Committee voted to offer you admission because we believe you will make important contributions to others during your college years and beyond. Your academic, extracurricular, and personal strengths will enable you to access the remarkable opportunities available across the University while adding to the vibrant student life in Harvard Yard and the Harvard Houses.

A transformative college experience awaits you here. You can now access the admitted students' website, where you will find a special welcome message, posts from your new classmates, and important information about financial aid and preparing to enroll. In addition, we encourage you to visit the Dean of Students Office website at [dso.college.harvard.edu](https://dso.college.harvard.edu) to learn more about student life.

Our faculty and students extend a special invitation for you to join us for Visitas April 23-24, 2023. During this celebratory event, you will be welcomed to the Harvard community by current undergraduates and faculty and have the opportunity to connect with fellow members of the Class of 2027.

We would like to reassure you that our revolutionary need-based financial aid program makes it possible for all our admitted students to attend. Please contact the Griffin Financial Aid Office at [faoweb@fas.harvard.edu](mailto:faoweb@fas.harvard.edu) or 617-495-1581 if you have any questions or concerns about affording a Harvard education.

Although you have until May 1, it would be helpful to hear from you as soon as you have made your final college choice. You may respond to our offer of admission online via the form in your applicant portal.

Please reach out if we can help in any way. I hope very much you will decide to join us here at Harvard!

Sincerely,

William R. Fitzsimmons  
Dean of Admissions and Financial Aid

*Hope you'll join us!*
