

Georgia Institute  
of Technology

Denny Cao

Denny,

We are honored that you chose to apply to the Georgia Institute of Technology. In our holistic admission process, all applications are reviewed by multiple staff members. This year we received a large number of applications from highly qualified students.

Due to the competitiveness of this year's applicant pool and the size of our incoming class, we are unable to offer you admission for Fall 2023.

**However, we are pleased to offer you the option of the First-Generation Pathway Program for Fall 2024 as a transfer student.** Each year, Georgia Tech enrolls 1,400 new transfer students, and we hope you will see this as a viable path to a Georgia Tech education.

The First-Generation Pathway provides you an opportunity to transfer to Georgia Tech **during the Fall 2024 term only**.

Please [visit our website](#) to review the First-Generation Pathway program requirements, which include the following:

1. Enroll full-time at another accredited U.S. college or university for a minimum of 30 semester or 45 quarter [credit hours](#).
2. Complete the [required courses](#) for your intended major.
3. Establish both an overall and math/science GPA of 3.3 or above.
4. Complete a transfer application for Fall 2024 [by March 1, 2024](#).

Thank you again for your interest in Georgia Tech. We hope you will consider this opportunity and apply to become a Yellow Jacket through the First-Generation Pathway Program.

If you have any questions about this offer, please [contact our office](#).

Sincerely,

A handwritten signature in black ink that reads "Rick Clark".

**Rick Clark**

Assistant Vice Provost for Enrollment Management
