

Denny Cao

Dear Denny,

The Caltech Admissions Committee has completed its review of our Regular Decision applications. After careful consideration, the Committee has decided to place your name on an unranked Waitlist for further review should space become available in the class after May 1. Caltech received one of the largest and most competitive applicant pools this year. Although you are among a group of our most highly commendable applicants, we simply do not have enough space in the class to offer you admission at this time.

Please accept or decline your place on the Waitlist by completing the [Waitlist Reply Form](#). If you wish to be considered, we strongly encourage you to update your application with additional information you feel the Admissions Committee might find helpful. You may do so by uploading materials through the Beaver Breakroom. The Waitlist Reply Form and application updates must be submitted to our office by **Saturday, April 15, 2023**.

If you have further questions about this process, I would encourage you to connect with the admissions officer responsible for your region, or reference the [Waitlist Frequently Asked Questions](#) available in the Beaver Breakroom. We will finalize all decisions from the Waitlist no later than July 15.

Thank you again for seriously considering the California Institute of Technology.

Sincerely,

A handwritten signature in black ink, which appears to read "Ashley M. Pallie".

Ashley M. Pallie
