

December 01, 2022

Denny Cao

Dear Denny,

Congratulations!

Based on your outstanding credentials, you have been accepted to Temple University Honors Program! We are proud to welcome you to our community.

The Honors Program is a comprehensive four-year program designed to challenge your boundaries, expand your possibilities, and prepare you for the world ahead. Temple Honors gives you the benefits of a small college experience with the advantages of a large urban research university.

At the core of our program are classes taught by faculty highly regarded for their scholarship and well-loved for their teaching. Honors classes are typically small seminars where students and faculty engage deeply with each other on complex and meaningful topics.

While you are at Temple, the Honors Program will work with you to provide opportunities for success beyond the classroom. As an Honors Program student, you are eligible for the following:

- Priority registration (register first, regardless of class year!)
- 4-year housing option in the Honors Living-Learning Community
- Exclusive access to Honors classes
- One-on-one academic, career, and life advising
- Leadership, programming, and service options specifically designed for Honors students

If you choose to come to Temple, your tuition deposit automatically secures your place as a member of the Honors Program. To remain eligible for privileges, you must maintain a 3.25 cumulative GPA and fulfill the other requirements explained in the Honors Program Handbook.

To learn more, including how to visit and reserve your place in the Honors Living-Learning Community, please visit our website at [honors.temple.edu](https://honors.temple.edu). Please feel free to contact us with any additional questions.

We look forward to hearing your story and welcoming you to Temple University Class of 2027!

Sincerely,

Amanda Neuber, PhD  
Director, Temple Honors
